Emmanuel Besa

IT Support Technician | Microsoft 365 Administrator | IT Infrastructure Support | Web & Software Developer

Lusaka, Zambia | besaemmanuel99@gmail.com | 0777 830 658 / 0953 223 654

PROFILE

IT professional with experience across IT infrastructure, Microsoft 365 administration, web development, software development, and technical support in non-profit, education, corporate and private-sector environments. I combine practical IT operations with software development to support users, manage systems, and build solutions that improve business processes.

PROFESSIONAL EXPERIENCE

ADRA Zambia

IT Support Technician & Web Developer | June 2024 - Present

- Provide IT infrastructure and end-user support for over 85 users across national office and field locations.
- Administer Microsoft 365 services including Exchange Online, Teams, SharePoint, Intune, Defender, and Entra ID.
- Diagnose and resolve hardware, software, network, printer, and Microsoft 365 issues.
- Led the migration of organisational email and data from IONOS to Microsoft 365.
- Maintain IT assets, software licences, warranties, and lifecycle records.
- Support LAN connectivity, wireless networks, conferencing systems, and office IT infrastructure.
- Develop IT policies, procedures, and technical documentation.
- Provide remote support and user training.
- Develop internal systems to improve organisational operations.
